MC MISSIONAL HEALTH ASSESSMENT

- Is a growing love for God and love for others motivating our actions and relationships?
- Is our Gospel Identity, as God's sent missionaries/ambassadors, informing our daily lives?
- Are our hearts increasingly broken by the spiritual needs in the lives of people around us?
- How many points of intentional contact do we have with non-Christian friends, during a given month?
- How many of those are individual contacts and how many are experienced in community (with 2 or more people from the MC)?
- How many significant conversations about their story and our story are we having with those people?
- How many of those conversations are leading to spiritual things?
- How are our conversations leading to tangible opportunities to regularly serve our friends?
- How many of our acquaintances with non-Christians are deepening to the point of trusted friendship?
- Does our MC, either individually or corporately, have 2-4 points of intentional contact each month with the 10-15 non-Christians that God has called us to pursue?
- Does each committed MC member have 3-5 non-Christian neighbors, coworkers, friends that they're pursuing.....could each of us be described like Jesus as a "friend of sinners"?
- How is our MC praying on a weekly basis for the 10-15 specific people God has called us to pursue?
- How would we assess the consistency and the depth in which those people are being prayed for?
- How is our MC depending on the Holy Spirit for help to go, love, serve, and proclaim?

ASSESSING GROWTH

- **Contact Growth:** # of non-Christian “friends” and number of intentional contacts with non-Christians
- **Proclamation Growth:** # of significant spiritual conversations with non-Christians
- **Servant Growth:** # of serving opportunities (who is being served, how, and how often)
- **Conversion Growth:** # who have become Christians in the past 12 months
- **Baptisms:** # who have been baptized in the past 12 months
- **Discipleship Growth:** # of new Christians who have begun to be discipled in a DNA and an MC
- **Multiplication:** # of new DNA’s and MC’s that have been started or multiplied this year

NEXT STEPS

In light of the questions and categories above, what are 3 specific action steps you believe your MC could take to grow in its Missional Focus and Health?

1. Step 1:
2. Step 2:
3. Step 3:

See the **5 Essentials for Effective Mission** resource for help with thinking through practical next steps.
